How It Can Boost Your Business?

Business From Anywhere, Anytime

On-go-the comparison tool offers multiple platforms from where you can purchase policy like widget, Whitelabel, banner box.

Reduce Application Time

We provide instant policy certificates in the agent desk using AI technology. This helps in removing your dependency on a student to get policy & boost visa application time.

Undivided Attention

The all-in-one KONPARE tool comes with an A+ customer experience. Our skilled customer management team is available to support and deliver the best product satisfaction.

Unlimited User Access

Create individual accounts to allocate special user access & grant permission role-wise as well as individually.

API Integration

Agile API, which is fully integrated into your system, allows you to get quotes & purchase policy quickly and efficiently as per your needs.

Easy On-boarding

Become a KONPARE affiliate in just a few clicks. Increase your business productivity & outreach to potential customers.

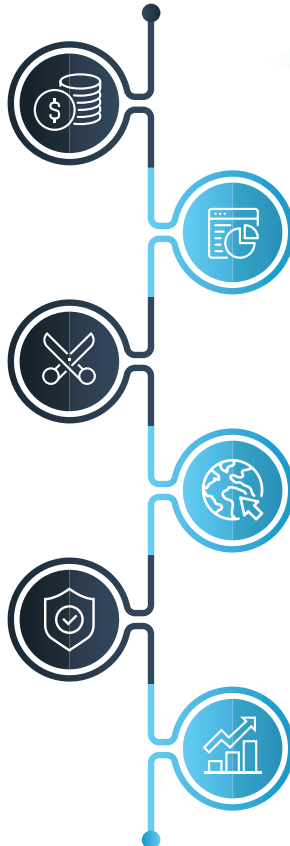

Before We Begin, A Few Amusing Insights

Besides robust tech, KONPARE operates on your support & trust. In other words, there is no subscription charges to associate.

Setting up is as easy as it can get. Just copy & paste the “code or script” to integrate the widget. Trust us; it is merely a plug-and-play tool.

Security is always our prime concern. Experience our dedicated team support which is ready to back you up for any tech issues.

Agent portal works as a centrally-operated desk to manage & track everything. Starting from sales insights to your commissions available with just one-click.

You can customize or personalize the widget as per your preference and brand theme to present your brand more effectively.

The portal is explicitly designed to make every education agent's life easier starting from increasing cash flow to exporting reports & data to your local system.
